18 ENTER ESSAYS; 35 DECLAMATIONS

MANY SCHOOLS SEND LITERARY
CONTESTANTS FRIDAY.

WILL ELIMINATE ALL BUT 10 DECLAMERS

Five Boys, 5 Girls Try Out for Honors
at Night—Manuscripts Already
Being Judged.

Thirty-five students have entered for the northwest Missouri inter-high school declamation contest at the State Normal school Friday night, fourteen being boys and twenty-one girls. They come from some of the largest and some of the smallest high schools of this part of the state, some by students who have previously won declamatory or oratorical honors and others who have not.

Out of this big conglomeration of entries five boys and girls will be chosen at 2 o'clock Friday afternoon by the declamation judges, by the process of elimination. Only the judges and one other person who the contestants may select will hear the preliminary orations.

The five boys and the girls selected in the afternoon will be the contestants that night in the general declamatory competition for medals.

Another literary contest, the winners of which are to be announced Friday night, is that of essay writing, an auxiliary of the annual literary and athletic events for northwest Missouri high schools. These essays were submitted to Corresponding Secretary H. P. Swinehart April 10. He sent them to the three judges, all of whom live in towns other than where students are entering the contest. They will examine each of the essays minutely and announce their decisions prior to Friday night.

The contest is open to both girls and boys, and each school in this Normal district is entitled to one representative. The essay must be an original production by the contestant and be between 1,200 and 1,800 words in length. The contestants had the following subjects to choose from: "Food and Its Relation to Life," "Patriotism—A Universal Passion," "The City Manager," "The Oneness of Interest Between Town and Rural Life," "Millions of Conus—An Exemplification of Puritan Principles," "Athletics for Everybody," "Switzerland—A True Democracy," "The Philosophy of Benjamin Franklin," "Consolidation—The Solution for Ills of Rural Schools."

The judges will grade the essays on the following points: General appearance, neatness of manuscripts, margining, paragraphing, capitalization and punctuation, grasp and organization of the subject, diction—choice of words, sentences—clearness, force and strength.

One student from the high school in each of these towns has submitted an essay: Hamilton, Easton, Braymer, Platte City, New Hampton, Cameron, Weston, Chillicothe, Trenton, St. Joseph Central, Maryville, Plattsburg, Jameson, Hopkins, Rock Port, King City, Gilman City and Jamesport.

The boys who have entered the declamatory contest, together with the schools they will represent and the selections they will speak, are as follows:

JOHN WILLIAMS IS PAROLED

Youth Fined \$200 for Giving Liquor to
Levi Kelley, Freed on Condition.

John Williams, who pleaded guilty a few days ago to having given liquor to a minor, and was fined \$200 by Circuit Judge W. C. Ellison, was paroled from the county jail this morning, where he was serving out the fine, by order of Judge Ellison. The parole stipulates, however, that he must pay the costs of the case within sixty days and make regular reports at each circuit court term.

Williams secured his parole through the efforts of several business men and Prosecuting Attorney W. G. Sawyers. He was arrested about two months ago on a charge of having gotten whiskey for Levi Kelley. He has spent those two months in jail.

Miss Grace Sturm left this afternoon for a visit at St. Joseph with her sister, Mrs. J. J. Walsh, and family. From there she will go to visit friends in Kansas City and at Springfield, Mo., where she will be the guest of Miss Helen Wray. Miss Sturm will return to Maryville about the last of May.

INTER-HIGH SCHOOL COMPETITION BEGINS TOMORROW.

Declamatory and Essay Aspirants

Teachers Will Meet.

Inter-High School Contest Program.
Friday, 2 p. m.—Declamatory preliminaries.

Friday, 8 p. m.—Declamatory contest.
Saturday, 9 a. m.—Teachers' conference.

Saturday, 10:30 a. m.—Meeting of executive committee of Northwest Missouri Inter-High School association.

Saturday, 11 a. m.—Enrollment of athletic contestants.

Saturday—1:30 p. m.—Track meet.

The next two days at the State Normal school will be filled galore with meetings, conferences, contests, meets, talks, etc., in connection with the sixth annual meeting of the Northwest Missouri Inter-High School association, while downtown and all around the editors and members of the newspaper fraternity of northwest Missouri will be banqueting, speaking, visiting, chatting and seeing Maryville and vicinity. All in all it will be two busy days. Then there also will be a base ball game at the Normal tomorrow afternoon with the Missouri Wesleyan.

The program commences Friday afternoon, when the oratorical and declamatory contests will, by a process of elimination, be reduced to five contestants in each of the events. This method of procedure insures the auditors of the final contest at 8 o'clock a more interesting and a much briefer program.

Teachers to Confer.

At the teachers' conference, which begins at 9 o'clock Saturday morning, the teachers will take up any questions which they see fit to discuss, and those factors in particular which bear on the relation of the Normal school to the high schools of the district, to the end that the Normal may be of greater and more efficient service to the schools with which it should co-operate.

The executive committee of the association which meets immediately after the teachers' conference will take up a number of new features along the lines of extension. Among the things which will be discussed will be the extemporaneous debate.

May Enlarge on Contests.
New phases of athletic work will

also be considered such as inter-high school, base ball and basket ball in an organized form much after the manner of the Missouri inter-collegiate conference.

At 11 o'clock Saturday morning all contestants in the track and field events of the afternoon will report to Corresponding Secretary H. P. Swinehart and will be given the numbers by which they will be distinguished in the track meet of the afternoon. At the close of the meet the medals and loving cups will be presented to the winners of the events.

MAKES ROAD LEVY

JEFFERSON TOWNSHIP PUTS 50
CENT TAX ON \$100.

PROVIDE \$3,500 YEARLY

Board Asked Last Election by Vote of
200 to 5 to Provide for Im-
provements.

Special to the Democrat-Forum

Clyde, Mo., April 22.—The township board of Jefferson township made a levy of 50 cents per \$100 valuation on all real estate yesterday, the money to be used for road purposes. The levy was authorized by a vote taken at the last township election, March 30, at which more than 200 voted for the levy and only five in the entire township against it.

It is estimated that the 50 cent levy will give the township more money in ten years than in \$50,000 special road bonds, while the levy will require no interest. It also has other advantages over the bond issues plan.

Petitions were prepared recently by a number of good road boosters of Jefferson township, proposing to hold an election to vote on a proposition to issue \$25,000 in special road bonds, similar to the manner in which Union, Polk, Lincoln and Hughes townships voted bonds within the last year.

But recently the state legislature passed a road improvement law, which provided for a road levy, like that adopted yesterday by the Jefferson township board. Before the road bond petitions had gained any headway the new proposition was broached, and the other proposition then dropped. The new law, it is said, also provides that the state shall duplicate any amount the township may spend through the levy, as is the case with the bond issues.

Need Many Improvements.

There are many small bridges and culverts needed in all parts of Jefferson township. The only disadvantage some see in the levy as compared to the special bond issue is that one can use the bond issue at once, while with the levy not all is available immediately, there being only so much at hand each year.

One of the prime workers for the road levy was Father Placid, head of the monastery at Conception, who always has been for better roads and general township improvements. In speaking of the road levy made yesterday, Father Placid said:

"A 50-cent tax in this township will bring us every year about \$3,500 besides the poll tax in labor or money."

"Now if \$1,500 of the \$3,500 is used for common road work, such as getting the roads into shape, crowning and draining them, etc., it will leave us yearly at least \$2,000 for permanent road work, which amount the state will have to double, not just at once, but gradually as the road money in the treasury will permit."

Railroads Must Pay Third.

"And mind it well, that at least one-third of the above \$3,500 will have to be paid by the two railroad companies in our township, thus reducing our tax to \$2,400, while the total amount coming to us from the tax will be at least \$5,500, a sum which, if properly used every year, will bring our roads to a high standard within the next ten years."

"And yet the burden of the tax will not be felt at all by our people. And we will have to pay no interest on this levy as we should have to do on the road bonds."

The members of the Jefferson township board are Joseph Voelker, trustee; Ersel Durbin and Henry Bird.

C. D. Caldwell, James Stafford, T. J. Sanders and E. H. Balmum each had a load of stock on the St. Joseph market yesterday.

After Attempt to Land Expeditionary Force.

By American Press.

Liverpool, April 22.—F. T. Jane, a writer, during the course of a lecture here last night, said: "It is not generally known that the Germans tried to land an expeditionary force in England but that the British forced them back to their harbor again. We were once very near to an invasion, although never a word appeared in the newspapers."

TO GIVE CLASS SERMON.

Rev. Harkness to Address Normal
Graduates at Annual Commencement Exercises.

The Rev. Samuel D. Harkness, pastor of the First Presbyterian church, has been selected to preach the class sermon for the graduating class of the State Normal school.

The Rev. Mr. Harkness will give the class sermon for the Fairfax public schools on the night of May 16, at Fairfax.

MEETINGS DRAW CROWD.

Revival at First Methodist Church Increases in Interest and Attendance.

The Rev. Thurston B. Price will preach from the subject "Owe to Retain the Christian Experience" at the First Methodist church tonight.

The Rev. E. N. Guice, who has charge of the music, is adding his part to the services, which are attracting large crowds each night. The afternoon meetings are being well attended and great interest being taken.

The appeal of the sermon last night was so reasonable and so broad that all felt the necessity of a renewal of effort and expressed it in a definite pledge to the evangelist. More than three hundred people came at the invitation, saying, "We are for the meeting and will do all we can to make it succeed."

"ETERNAL TRIANGLE" RESULTS
IN MURDER AND SUICIDE.

ESTRANGED HUSBAND SHOOTS DEAD BODY

Floyd Bose's Love for Mrs. Floyd Winn
Causes Killing—Husband Makes
Certain With Third Shot.

Through jealousy at Floyd Bose's attentions to his wife, Floyd Winn, 33 years old, shot and killed Bose, 27 years old, and then shot himself through the head at 1 o'clock this morning at the home of Bose's father, Lewis Bose, in Graham. Both die instantly.

Winn and his wife were living at the Bose home, Mrs. Winn being employed there as housekeeper since the death of Mrs. Lewis Bose, some time ago.

The married life of the pair is said to have been troubled since the time of their marriage.

Several weeks ago Mrs. Winn left her husband and went to the home of her father, Mr. Dawson, living near Skidmore. Last week she returned to the Bose home, and while preparing to move her effects the household was quarantined on account of small pox.

Family Quarrels Numerous.

Frequent quarrels among the Winns and young Bose added trouble to the old grievance. Last night Winn came to see his wife and urged her to return to him. The discussion took place on the front porch. After a heated controversy, ending in Mrs. Winn's refusal to return to her husband, she went into the house and out to the back porch.

During the controversy Floyd Bose was across the street talking to one of the neighbors. He returned home and met Winn, who began talking to him and accusing Bose of attentions to Mrs. Winn. Both men then went through the house and out to the back yard, quarreling as they went.

Fired Three Shots.

When they reached the yard Bose called to Mrs. Winn, asking her if she had any chloroform. Before the woman could answer Winn pulled out his revolver and shot Bose through the head.

As Bose staggered, Winn fired a second shot, which entered Bose's body, just below his stomach. Winn then started to the house but returned to the dead man and fired a third shot into his body, which entered near the place of the second bullet.

Winn then went into his own bedroom, laid himself on the bed and fired a shot into his brain. The bullet entered the right side of his head, near the temple, and came out on the left side, above the ear.

In answer to the screams of Mrs. Winn for help, neighbors came rushing to the place. Both men had died almost instantly, however.

Coroner Holds View Inquest.

Coroner Dr. W. M. Wallis, Jr., went to Graham this morning, and after an examination of several witnesses decided a jury inquest unnecessary. On account of the family being quarantined for smallpox, and Mrs. Winn not yet being fully recovered from a slight attack of the disease, the funeral service will be private. Both bodies will be buried tomorrow afternoon.

Winn had been married several years. Both young men were employed as laborers in and about Graham.

COMPANY F DIDN'T ELECT.

Failure of Enough Members to Attend Necessitates Postponement—DeMotte Leaves.

On account of the lack of the necessary number of members present, no election was held by Company F, National Guards of Missouri, last night, as intended. It was planned to choose a company captain to succeed Ezra Phipps, who resigned last year.

Loren DeMotte, first lieutenant, who has been in charge since that time, leaves this afternoon for Weatherford, Okla., to join his father, N. S. DeMotte in a newspaper enterprise. The command of the company temporarily will be in the hands of Second Lieutenant Arch Ledgerwood.

While no date for holding the election has been definitely set, it probably will be within the next ten days or two weeks.

The New Perfection Oil Cooker

Has made it possible to burn the cheapest oil and produce absolutely satisfactory results, and as in all mechanical construction the reason for perfect results is made possible only by adhering to the laws that govern scientific mechanical construction. The New Perfection Cooker was built to produce first, last, and all the time a perfect blue flame from the lowest grade oil, and the fact that there are more New Perfection Oil Cookers sold than any 3 makes is of itself proof of the satisfactory results produced. And it is entirely free from smoke and odor so common in other makes. The combustion is perfect, hence the New Perfection never is the cause of any accidents. Let us show you the points of construction that make this possible

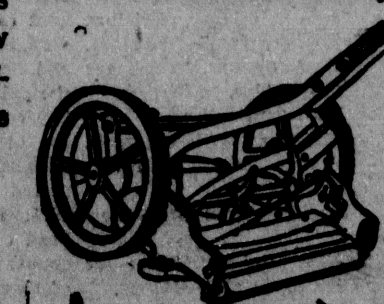

The Herrick

Through their perfect scientific construction and mineral wool insulation have made it possible to produce more cold dry air per the amount of ice consumed than any other refrigerator; and this fact also makes them the most thorough hygienic and sanitary refrigerator on the market. We will be pleased to show the prospective buyer why this is a fact.

BLOOD HOUNDS GET THIEF

Local Canines Trail George Smith from
Corn Crib—Admits Guilt.
Gets 60 Days.

Chief of Police E. C. Moberly's first
trial yesterday afternoon of his blood
hounds, resulted in the capture of Geo.

Smith of Bedison, for a corn theft. The
three dogs, accompanied by Chief Mo-
berly and Roy Bendour of Sedalia,
owner of two of the dogs, and Sheriff
Edwin Wallace, went to near Bedison
yesterday afternoon on a call.

About two barrels of corn had been
taken Tuesday night from a corn crib
on the farm of Ras Wright, one mile

east of Bedison. The hounds were
placed at the crib, but on account of
the thief having left in a buggy, it
was impossible for the dogs to take
the trail. The buggy was tracked by
the officers until the occupant alighted
when the dogs took the trail.

Captain, the Chief's dog, led the of-
ficers immediately to the corn crib on

Smith's place, while the other two
tracked to the Smith home, then back
to the crib.

Smith was thereupon arrested and
brought back to Maryville late yester-
day afternoon and arraigned before
Justice W. L. Johnson. He pleaded
guilty to a charge of petty larceny and
was sentenced to serve sixty days in
the county jail.

Smith has a penitentiary record.
Three years ago, Smith, then going by
the name of George Bragg, and Charles
Smith, a half-brother, were arrested
on a charge of having stolen a hog
from William Mozingo of near Bedison.

Bragg escaped, but later was cap-
tured by W. R. Tilson, then sheriff, at
Twin Falls, Mont., and brought back
and sentenced to serve two years in
the state penitentiary. Charles Smith,
also was given a two years sentence,
but later was paroled. While on pa-
role he fled to Boise, Idaho, where he
was captured and returned.

NORMAL TO BEGEM BASEBALL

State School Students Play Missouri
Wesleyans Tomorrow Afternoon
—Expect Close Game.

Coach Hanson of the State Normal
school announced today the men who
would represent the green and the
white on the base ball diamond during
the coming season. The men and the
line-up for the Missouri Wesleyan
game tomorrow afternoon follows.

Ham, p; Miller, c; Blagg, 1b; Leech,
2b; Bird, ss; E. Adams, 3b; L. Adams,
rf; Brittain, cf; Noblett, lf.

Dyer and Wogan of the last year's
team, who were expected to return this
season, will not be able to come, ac-
cording to the latest word received
from them. The game tomorrow after-
noon will commence at 3:30 o'clock.

The Missouri Wesleyan team is going
in good shape, according to all reports.
The Central college team, which de-
feated the University of Missouri team
a short time ago by a 3-2 score, was
itself trounced to the tune of 4-6 by
the Methodist team. This would indi-
cate that the Normal sluggers have a
hard row to hoe tomorrow afternoon.
Lonnie Adams, a brother to Babe
Adams of the Pittsburgh Nationals, will
alternate with Ham on the mound.

A special section has been reserved
in the grand stand for the newspaper
editors, who will attend the game in a
body.

The team will make its first appear-
ance in their new uniforms in the
game tomorrow. The umpire for the
game has not yet been chosen.

CONVENTION WELL ATTENDED.

Successful Meet of Nodaway Township
Sunday Schools Held Yesterday.

The success and enthusiasm shown
yesterday at the convention of the
Sunday schools of Nodaway township,
held yesterday at Burlington Junction,
was so evident that another similar
meeting will be arranged for the near
future, to be held at Wilcox.

An unusually fine program was pre-
sented and the attendance was large.
A township association was organized
with J. W. Praisewater, president; J.
A. Spiers, vice president; Miss Eliza-
beth Ordnung, secretary, and Mrs. Re-
becca Hefflin, treasurer. The depart-
ment superintendents selected were
Mrs. Jesse Jones, elementary; Mrs.
William Richey, secondary; O. A. Lin-
coln, adult; Miss Alice Peters, tem-
perance; Mrs. Sallie Carter, mission-
ary, and Mrs. Florence Smith, home
and visitation.

John H. Clary, formerly county high-
way engineer, now special engineer in
Lincoln township to supervise the ex-
penditure of \$25,000 special road im-
provement bonds, was in Maryville
yesterday. Mr. Clary says there are
about 50 new culverts needed in that
township, although it will probably be
possible to install all of them with the
funds available.

Club Women Hear Mary Antin.

Mary Antin, who blossomed into
fame about three years ago with the
advent of a biographical book, under
the title of "The Promised Land," is
now on a lecture tour, speaking on the
subject "They Who Knock at Our
Gates," which is a plea for the immi-
grant. The lecture is in the main de-
livered before the women's clubs, and
it is attracting national interest.

Mary Antin is the wife of Prof.
Amadeus Grabau of Columbia, whom
she married in 1901. Her childhood
was spent in Russia and her story of
the migration of her family to Amer-
ica, their hopes, expectations, ideals,
difficulties and readjustments are
wonderfully described in the book
"The Promised Land." The author
was 13 years old when she came to
America, and she obtained her educa-
tion in the public schools of Boston,
the Girls' Latin School, Columbia uni-
versity and Barnard.

Her writings have contributed great-
ly to the interest and sympathy of the
nation toward immigrant people set-
tling within its territory, and she
takes the broadest possible view of the
immigration problems which America
now faces.

Several of the missionary organiza-
tions in the city are reading "The
Promised Land" as a side study with
home mission topics.

"They Who Knock at Our Gates" is
a short story and is now issued in book
form.

Homemakers to Meet.

U. which was to have been held yester-
day afternoon, was deferred on ac-
count of the inability of several of
those giving program numbers to be
present. The meeting will be consol-
idated with the May one.

Miss Everhart to Give Program.

Miss Hazel Everhart will appear in
a post-graduate recital at the Conserv-
atory hall tonight. The program pre-
sented will be:

(Mr. Landon at second piano).
Idyll, Op. 39.....MacDowell
Shadow Dance.....MacDowell
Moment Musical.....Schubert
Marche Grotesque.....Sinding
Nocturne No. 12.....Chopin
Mazurka de Concert.....Jonas
The presentation of medal to Miss
Everhart will take place after the pro-
gram.

To Attend Federation.

The Twentieth Century club is hop-
ing to have at least fifty of the club
members attend the biennial meeting
of the Missouri Federation to be held
in St. Joseph May 5 to 7. The plan is
to have a special coach for the accom-
modation of the club women, which
will be attached to the regular Burling-
ton St. Joseph train leaving here
at 7:50 in the morning and returning
at 8:30 o'clock in the evening. The day
for making the special trip will be
Thursday, which is the best program
day of the convention. A committee to
present the plan to the club women
was appointed Tuesday afternoon by
the president, Mrs. F. M. Townsend
at the general business meeting of the
club. That committee is composed of
Mrs. Ed G. Orear, chairman; Mrs.
George Eaton and Miss Kate Schenck.

J. E. Costello went to Quitman this
morning on a short business trip.

SUNDAY SCHOOLS ORGANIZE.

Atchison Township Holds Convention

following officers: John Morehouse,
president; Verne Miller, treasurer; Miss
Ollie Carpenter, superintendent of ele-
mentary department; Miss Addie Car-
penter, secondary department; A. W.
McClain, adult department; L. C.

REMOVE 300 LOADS OF TRASH

Believe Rubbish from Clean-Up Will
Be Off Today—Mayor Landa
the Residents.

"The residents of Maryville have co-
operated splendidly in the campaign to
make Maryville cleaner and more san-
itary this spring, and I certainly feel
thankful and proud of the fact," was
the first comment of Mayor U. S.
Wright after returning at 5:30 o'clock
yesterday afternoon from an inspec-
tion tour of the city. He was accom-
panied by City Engineer F. L. Flynt
and a representative of each newspa-
per.

"There are several places in the city
where the clean-up suggestions have
not been particularly well heeded, but

on the whole the citizens of the town
have assisted well and have done so
promptly. I hope we can maintain
this degree of cleanliness throughout
each year."

In the inspection tour yesterday over
each portion of the city, plenty of evi-
dence that the clean-up campaign had
borne fruit could be found. Where the
city trash removal wagons had not yet
been piles of tin cans and other rub-
bish was piled along the street or al-
ley, and rakes were being wielded in
an effort to make the cleanest place
in the neighborhood. It seemed as
though each resident was vying with
his neighbors for first place in the
clean-up schedule.

About 300 wagon loads of trash had
been dumped at the two city dump-
ing grounds by the ten city wagons
at noon today, City Engineer F. L.
Flynt said. Most of the rubbish had
been removed from the first and sec-
ond wards at noon, while perhaps all
would be off the third and fourth
wards by tonight or tomorrow morn-
ing, it is said.

Twelve high school students will
make an inspection this afternoon,
three going in each ward. They will
report their findings to the general
committee tomorrow.

18 ENTER ESSAYS; 35 DECLAMATIONS

MANY SCHOOLS SEND LITERARY
CONTESTANTS FRIDAY.

WILL ELIMINATE ALL BUT 10 DECLAMERS

Five Boys, 5 Girls Try Out for Honors
at Night—Manuscripts Already
Being Judged.

Thirty-five students have entered for the northwest Missouri inter-high school declamation contest at the State Normal school Friday night, fourteen being boys and twenty-one girls. They come from some of the largest and some of the smallest high schools of this part of the state, some by students who have previously won declamatory or oratorical honors and others who have not.

Out of this big conglomeration of entries five boys and girls will be chosen at 2 o'clock Friday afternoon by the declamation judges, by the process of elimination. Only the judges and one other person who the contestants may select will hear the preliminary orations.

The five boys and the girls selected in the afternoon will be the contestants that night in the general declamatory competition for medals.

Another literary contest, the winners of which are to be announced Friday night, is that of essay writing, an auxiliary of the annual literary and athletic events for northwest Missouri high schools. These essays were submitted to Corresponding Secretary H. P. Swanehart April 10. He sent them to the three judges, all of whom live in towns other than where students are entering the contest. They will examine each of the essays minutely and announce their decisions prior to Friday night.

The contest is open to both girls and boys, and each school in this Normal district is entitled to one representative. The essay must be an original production by the contestant and be between 1,200 and 1,800 words in length. The contestants had the following subjects to choose from: "Food and Its Relation to Life," "Patriotism—A Universal Passion," "The City Manager," "The Oneness of Interest Between Town and Rural Life," "Milton's Conus—An Exemplification of Puritan Principles," "Athletics for Everybody," "Switzerland—A True Democracy," "The Philosophy of Benjamin Franklin," "Consolidation—The Solution for Ills of Rural Schools."

The judges will grade the essays on the following points: General appearance, neatness of manuscripts, margining, paragraphing, capitalization and punctuation, grasp and organization of the subject, diction—choice of words, sentences—clearness, force and strength.

One student from the high school in each of these towns has submitted an essay: Hamilton, Easton, Braymer, Platte City, New Hampton, Cameron, Weston, Chillicothe, Trenton, St. Joseph Central, Maryville, Plattsburg, Jameson, Hopkins, Rock Port, King City, Gilman City and Jamesport.

The boys who have entered the declamatory contest, together with the schools they will represent and the selections they will speak, are as follows:

Tarkio—Floyd Withrow, "The Puritan and the Cavalier"—Watterson. Jamesport—Don Goodbar, "Plea for Cuban Freedom"—Thurston. Platte City—Charles T. Hoy, "The New South"—Grady. JOHN WILLIAMS IS PAROLED

Youth Fined \$200 for Giving Liquor to
Levi Kelley, Freed on Condition.

John Williams, who pleaded guilty a few days ago to having given liquor to a minor, and was fined \$200 by Circuit Judge W. C. Ellison, was paroled from the county jail this morning, where he was serving out the fine, by order of Judge Ellison. The parole stipulates, however, that he must pay the costs of the case within sixty days and make regular reports at each circuit court term.

Williams secured his parole through the efforts of several business men and Prosecuting Attorney W. G. Sawyers. He was arrested about two months ago on a charge of having gotten whiskey for Levi Kelley. He has spent those two months in jail.

Miss Grace Sturm left this afternoon for a visit at St. Joseph with her sister, Mrs. J. J. Walsh, and family. From there she will go to visit friends in Kansas City and at Springfield, Mo., where she will be the guest of Miss Helen Wray. Miss Sturm will return to Maryville about the last of May.

He is a Democrat. His early education was obtained in the public schools of Cedar Rapids, Ia., and later he took a special course at Coe college.

Friday, 8 p. m.—Declamatory contest.

Saturday, 9 a. m.—Teachers' conference.
Saturday, 10:30 a. m.—Meeting of executive committee of Northwest Missouri Inter-High School association.
Saturday, 11 a. m.—Enrollment of athletic contestants.
Saturday—1:30 p. m.—Track meet.

The next two days at the State Normal school will be filled with meetings, conferences, contests, meets, talks, etc., in connection with the sixth annual meeting of the Northwest Missouri Inter-High School association, while downtown and all around the editors and members of the newspaper fraternity of northwest Missouri will be banqueting, speaking, visiting, chatting and seeing Maryville and vicinity. All in all it will be two busy days. Then there also will be a base ball game at the Normal tomorrow afternoon with the Missouri Wesleyan.

The program commences Friday afternoon, when the oratorical and declamatory contests will, by a process of elimination, be reduced to five contestants in each of the events. This method of procedure insures the auditors of the final contest at 8 o'clock a more interesting and a much briefer program.

Teachers to Confer.
At the teachers' conference, which begins at 9 o'clock Saturday morning, the teachers will take up any questions which they see fit to discuss, and those factors in particular which bear on the relation of the Normal school to the high schools of the district, to the end that the Normal may be of greater and more efficient service to the schools with which it should co-operate.

The executive committee of the association which meets immediately after the teachers' conference will take up a number of new features along the lines of extension. Among the things which will be discussed will be the extemporaneous debate.

May Enlarge on Contests.
New phases of athletic work will

also be considered such as inter-high school, base ball and basket ball in an organized form much after the manner of the Missouri inter-collegiate conference.

At 11 o'clock Saturday morning all contestants in the track and field events of the afternoon will report to Corresponding Secretary H. P. Swanehart and will be given the numbers by which they will be distinguished in the track meet of the afternoon. At the close of the meet the medals and loving cups will be presented to the winners of the events.

MAKES ROAD LEVY

JEFFERSON TOWNSHIP PUTS 50
CENT TAX ON \$100.

PROVIDE \$3,500 YEARLY

Board Asked Last Election by Vote of
200 to 5 to Provide for Im-

provements.

Special to the Democrat-Forum

Clyde, Mo., April 22.—The township board of Jefferson township made a levy of 50 cents per \$100 valuation on all real estate yesterday, the money to be used for road purposes. The levy was authorized by a vote taken at the last township election, March 20, at which more than 200 voted for the levy and only five in the entire township against it.

It is estimated that the 50 cent levy will give the township more money in ten years than in \$50,000 special road bonds, while the levy will require no interest. It also has other advantages over the bond issues plan.

Petitions were prepared recently by a number of good road boosters of Jefferson township, proposing to hold an election to vote on a proposition to issue \$25,000 in special road bonds, similar to the manner in which Union, Polk, Lincoln and Hughes townships voted bonds within the last year.

But recently the state legislature passed a road improvement law, which provided for a road levy, like that adopted yesterday by the Jefferson township board. Before the road bond petitions had gained any headway the new proposition was broached, and the other proposition then dropped. The new law, it is said, also provides that the state shall duplicate any amount the township may spend through the levy, as is the case with the bond issues.

Need Many Improvements.
There are many small bridges and culverts needed in all parts of Jefferson township. The only disadvantage some see in the levy as compared to the special bond issue is that one can use the bond issue at once, while with the levy not all is available immediately, there being only so much at hand each year.

One of the prime workers for the road levy was Father Placid, head of the monastery at Conception, who always has been for better roads and general township improvements. In speaking of the road levy made yesterday, Father Placid said:

"A 50-cent tax in this township will bring us every year about \$3,500 besides the poll tax in labor or money. Now if \$1,500 of the \$3,500 is used for common road work, such as getting the roads into shape, crowning and draining them, etc., it will leave us yearly at least \$2,000 for permanent road work, which amount the state will have to double, not just at once, but gradually as the road money in the treasury will permit.

Railroads Must Pay Third.
"And mind it well, that at least one-third of the above \$3,500 will have to be paid by the two railroad companies in our township, thus reducing our tax to \$2,400, while the total amount coming to us from the tax will be at least \$5,500, a sum which, if properly used every year, will bring our roads to a high standard within the next ten years.

"And yet the burden of the tax will not be felt at all by our people. And we will have to pay no interest on this levy as we should have to do on the road bonds."

The members of the Jefferson township board are Joseph Voelker, trustee; Ersel Durbin and Henry Bird.

C. D. Caldwell, James Stafford, T. J. Sanders and E. H. Bainum each had a load of stock on the St. Joseph market yesterday.

THE WEATHER

Unsettled but generally fair tonight and Friday; continued warm.

The appeal of the sermon last night was so reasonable and so broad that all felt the necessity of a renewal of effort and expressed it in a definite pledge to the evangelist. "ETERNAL TRIANGLE" RESULTS

ESTRANGED HUSBAND SHOOTS DEAD BODY

Floyd Bose's Love for Mrs. Floyd Winn
Causes Killing—Husband Makes
Certain With Third Shot.

Through jealousy at Floyd Bose's attentions to his wife, Floyd Winn, 33 years old, shot and killed Bose, 27 years old, and then shot himself through the head at 1 o'clock this morning at the home of Bose's father, Lewis Bose, in Graham. Both died instantly.

Winn and his wife were living at the Bose home, Mrs. Winn being employed there as housekeeper since the death of Mrs. Lewis Bose, some time ago.

The married life of the pair is said to have been troublesome since the time of their marriage.

Several weeks ago Mrs. Winn left her husband and went to the home of her father, Mr. Dawson, living near Skidmore. Last week she returned to the Bose home, and while preparing to move her effects the household was quarantined on account of small pox.

Family Quarrels Numerous.

Frequent quarrels among the Winns and young Bose added trouble to the old grievance. Last night Winn came to see his wife and urged her to return to him. The discussion took place on the front porch. After a heated controversy, ending in Mrs. Winn's refusal to return to her husband, she went into the house and out to the back porch.

During the controversy Floyd Bose was across the street talking to one of the neighbors. He returned home and met Winn, who began talking to him and accusing Bose of attentions to Mrs. Winn. Both men then went through the house and out to the back yard, quarreling as they went.

Fired Three Shots.

When they reached the yard Bose called to Mrs. Winn, asking her if she had any chloroform. Before the woman could answer Winn pulled out his revolver and shot Bose through the head.

As Bose staggered, Winn fired a second shot, which entered Bose's body, just below his stomach. Winn then started to the house but returned to the dead man and fired a third shot into his body, which entered near the place of the second bullet.

Winn then went into his own bedroom, laid himself on the bed and fired a shot into his brain. The bullet entered the right side of his head, near the temple, and came out on the left side, above the ear.

In answer to the screams of Mrs. Winn for help, neighbors came rushing to the place. Both men had died almost instantly, however.

Coroner Holds View Inquest.

Coroner Dr. W. M. Wallis, Jr., went to Graham this morning, and after an examination of several witnesses decided a jury inquest unnecessary. On account of the family being quarantined for smallpox, and Mrs. Winn not yet being fully recovered from a slight attack of the disease, the funeral service will be private. Both bodies will be buried tomorrow afternoon.

Winn had been married several years. Both young men were employed as laborers in and about Graham.

Beware of Ointments for Catarrh
That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

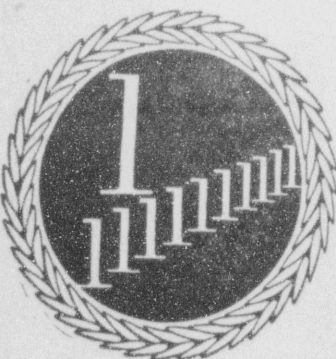

Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

COMPANY F DIDN'T ELECT.
Failure of Enough Members to Attend
Necessitates Postponement—
DeMotte Leaves.

On account of the lack of the necessary number of members present, no election was held by Company F, National Guards of Missouri, last night, as intended. It was planned to choose a company captain to succeed Ezra Phipps, who resigned last year.

Loren DeMotte, first lieutenant, who has been in charge since that time, leaves this afternoon for Weatherford, Okla., to join his father, N. S. DeMotte in a newspaper enterprise. The command of the company temporarily will be in the hands of Second Lieutenant Arch Ledgerwood.

While no date for holding the election has been definitely set, it probably will be within the next ten days or two weeks.

You Buy One
We Buy Many

You have to purchase but one suit at a time. We retailers have to buy a great many. So we have to investigate values very carefully.

That's how we learned about Clothcraft scientific methods and what they mean to the buyer of medium-priced clothes.

The Clothcraft Idea is not to cut cost and increase profit—nor to cut cost and decrease price—but to give the ten to twenty dollar buyer the most for his money.

This year the result is Clothcraft Blue Serge Special at \$15.00, better than ever; and many other pleasing patterns from \$10 to \$20. Come in and look them over.

The New Perfection
Oil Cooker

Has made it possible to burn the cheapest oil and produce absolutely satisfactory results, and as in all mechanical construction the reason for perfect results is made possible only by adhering to the laws that govern scientific mechanical construction. The New Perfection Cooker was built to produce first, last, and all the time a perfect blue flame from the lowest grade oil, and the fact that there are more New Perfection Oil Cookers sold than any 3 makes is of itself proof of the satisfactory results produced. And it is entirely free from smoke and odors common in other makes. The combustion is perfect, hence the New Perfection never is the cause of any accidents. Let us show you the points of construction that make this possible

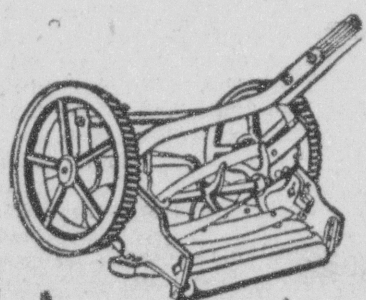

The Herrick

Through their perfect scientific construction and mineral wool insulation have made it possible to produce more cold dry air per the amount of ice consumed than any other refrigerator; and this fact also makes them the most thorough hygienic and sanitary refrigerator on the market. We will be pleased to show the prospective buyer why this is a fact.

BLOOD HOUNDS GET THIEF

Local Canines Trail George Smith from
Corn Crib—Admits Guilt.
Gets 60 Days.

Chief of Police E. C. Moberly's first
trial yesterday afternoon of his blood
hounds, resulted in the capture of Geo.

Smith of Bedison, for a corn theft. The
three dogs, accompanied by Chief Moberly
and Roy Bendour of Sedalia, owner of two of the dogs, and Sheriff
Edwin Wallace, went to near Bedison
yesterday afternoon on a call.

About two barrels of corn had been
taken Tuesday night from a corn crib
on the farm of Ras Wright, one mile

east of Bedison. The hounds were
placed at the crib, but on account of
the thief having left in a buggy, it
was impossible for the dogs to take
the trail. The buggy was tracked by
the officers until the occupant alighted
when the dogs took the trail.

Captain, the Chief's dog, led the officers immediately to the corn crib on

Smith's place, while the other two
tracked to the Smith home, then back
to the crib.

Smith was thereupon arrested and
brought back to Maryville late yesterday
afternoon and arraigned before
Justice W. L. Johnson. He pleaded
guilty to a charge of petty larceny and
was sentenced to serve sixty days in
the county jail.

Smith has a penitentiary record.
Three years ago, Smith, then going by
the name of George Bragg, and Charles
Smith, a half-brother, were arrested
on a charge of having stolen a hog
from William Mozingo of near Bedison.

Bragg escaped, but later was captured
by W. R. Tilson, then sheriff, at
Twin Falls, Mont., and brought back
and sentenced to serve two years in
the state penitentiary. Charles Smith,
also was given a two years sentence,
but later was paroled. While on parole
he fled to Boise, Idaho, where he
was captured and returned.

NORMAL TO BEGON BASEBALL

State School Students Play Missouri
Wesleyans Tomorrow Afternoon
—Expect Close Game.

Coach Hanson of the State Normal
school announced today the men who
would represent the green and the
white on the base ball diamond during
the coming season. The men and the
line-up for the Missouri Wesleyan
game tomorrow afternoon follows.

Ham, p; Miller, c; Blagg, 1b; Leech,
2b; Bird, ss; E. Adams, 3b; L. Adams,
rf; Brittain, cf; Noblett, lf.

Dyer and Wogan of the last year's
team, who were expected to return this
season, will not be able to come, according
to the latest word received from them.
The game tomorrow afternoon will
commence at 3:30 o'clock. The Missouri
Wesleyan team is going in good shape,
according to all reports. The Central college
team, which defeated the University of
Missouri team a short time ago by a 3-2
score, was itself trounced to the tune of
4-6 by the Methodist team. This would
indicate that the Normal sluggers have a
hard row to hoe tomorrow afternoon.
Lonnie Adams, a brother to Babe Adams
of the Pittsburg Nationals, will alternate
with Ham on the mound.

A special section has been reserved
in the grand stand for the newspaper
editors, who will attend the game in a
body.

The team will make its first appearance
in their new uniforms in the game tomorrow.
The umpire for the game has not yet been
chosen.

CONVENTION WELL ATTENDED.

Successful Meet of Nodaway Township
Sunday Schools Held Yesterday.

The success and enthusiasm shown
yesterday at the convention of the
Sunday schools of Nodaway township,
held yesterday at Burlington Junction,
was so evident that another similar
meeting will be arranged for the near
future, to be held at Wilcox.

An unusually fine program was
presented and the attendance was large.
A township association was organized
with J. W. Praisewater, president; J.
A. Spiers, vice president; Miss Elizabeth
Ordnung, secretary, and Mrs. Rebecca
Heflin, treasurer. The department
superintendents selected were Mrs. Jesse
Jones, elementary; Mrs. William Richey,
secondary; O. A. Lincoln, adult; Miss
Alice Peters, temperance; Mrs. Sallie
Carter, missionary, and Mrs. Florence
Smith, home and visitation.

John H. Clary, formerly county highway
engineer, now special engineer in Lincoln
township to supervise the expenditure
of \$25,000 special road improvement
bonds, was in Maryville yesterday.
Mr. Clary says there are about 50 new
culverts needed in that township, although
it will probably be possible to install all
of them with the funds available.

Club Women Hear Mary Antin.

Mary Antin, who blossomed into
fame about three years ago with the
advent of a biographical book, under
the title of "The Promised Land," is
now on a lecture tour, speaking on the
subject "They Who Knock at Our
Gates," which is a plea for the immigrant.
The lecture is in the main delivered
before the women's clubs, and it is
attracting national interest.

Mary Antin is the wife of Prof.
Amadeus Grabau of Columbia, whom
she married in 1901. Her childhood
was spent in Russia and her story of
the migration of her family to America,
their hopes, expectations, ideals,
difficulties and readjustments are
wonderfully described in the book
"The Promised Land." The author
was 13 years old when she came to
America, and she obtained her education
in the public schools of Boston, the
Girls' Latin School, Columbia university
and Barnard.

Her writings have contributed greatly
to the interest and sympathy of the
nation toward immigrant people, settling
within its territory, and she takes
the broadest possible view of the
immigration problems which America
now faces.

Several of the missionary organizations
in the city are reading "The
Promised Land" as a side study with
home mission topics.

"They Who Knock at Our Gates" is
a short story and is now issued in book
form.

Homemakers to Meet.

The Homemakers class of the Buchanan

tomorrow afternoon at the home

The monthly meeting of the W. C. T. U.
which was to have been held yesterday
afternoon, was deferred on account
of the inability of several of those
giving program numbers to be present.
The meeting will be consolidated
with the May one.

Miss Everhart to Give Program.

Miss Hazel Everhart will appear in
a post-graduate recital at the Conservatory
hall tonight. The program presented
will be:

Shadow Dance.....MacDowell
Moment Musical.....Schubert
Marche Grottesque.....Sinding
Nocturne No. 12.....Chopin

The presentation of medal to Miss
Everhart will take place after the program.

To Attend Federation.

The Twentieth Century club is hoping
to have at least fifty of the club
members attend the biennial meeting
of the Missouri Federation to be held
in St. Joseph May 5 to 7. The plan is
to have a special coach for the accommodation
of the club women, which will be
attached to the regular Burlington
St. Joseph train leaving here at 7:50
in the morning and returning at 8:30
o'clock in the evening. The day for
making the special trip will be Thursday,
which is the best program day of the
convention. A committee to present
the plan to the club women was appointed
Tuesday afternoon by the president,
Mrs. F. M. Townsend at the general
business meeting of the club. That
committee is composed of Mrs. Ed G.
Orear, chairman; Mrs. George Eaton
and Miss Kate Schenck.

J. E. Costello went to Quitman this
morning on a short business trip.

SUNDAY SCHOOLS ORGANIZE.

Atchison Township Holds Convention

department; Miss Addie Carpenter,
secondary department; A. W. McClain,
adult department; L. C. Kereu, temperance;

REMOVE 300 LOADS OF TRASH

Believe Rubbish from Clean-Up Will
Be Off Today—Mayor Lauds
the Residents.

"The residents of Maryville have co-
operated splendidly in the campaign to
make Maryville cleaner and more san-
itary this spring, and I certainly feel
thankful and proud of the fact," was
the first comment of Mayor U. S.
Wright after returning at 5:30 o'clock
yesterday afternoon from an inspection
tour of the city. He was accompa-
nied by City Engineer F. L. Flynt
and a representative of each newspaper.

"There are several places in the city
where the clean-up suggestions have
not been particularly well heeded, but

on the whole the citizens of the town
have assisted well and have done so
promptly. I hope we can maintain
this degree of cleanliness throughout
each year."

In the inspection tour yesterday over
each portion of the city, plenty of evi-
dence that the clean-up campaign had
borne fruit could be found. Where the
city trash removal wagons had not yet
been piles of tin cans and other rub-
bish was piled along the street or al-
ley, and rakes were being wielded in
an effort to make the cleanest place
in the neighborhood. It seemed as
though each resident was vying with
his neighbors for first place in the
clean-up schedule.

About 300 wagon loads of trash had
been dumped at the two city dump-
ing grounds by the ten city wagons
at noon today, City Engineer F. L.
Flynt said. Most of the rubbish had
been removed from the first and sec-
ond wards at noon, while perhaps all
would be off the third and fourth
wards by tonight or tomorrow morn-
ing, it is said.

Twelve high school students will
make an inspection this afternoon,
three going in each ward. They will
report their findings to the general
committee tomorrow.

Fortified Tires On the Better Road Above You

When tires go wrong, through faults which Good-year tires avoid, remember there's a better road above you. On it are some 400,000 users to whom Goodyears brought content.

Let each rim-cut suggest our No-Rim-Cut feature—the best way known to combat it.

Let each needless blow-out suggest our "On-Air" cure. At a cost to us of \$450,000 yearly, it wipes out a major cause.

Let each loose tread remind you that our patent method reduces this risk 60 per cent.

Let each puncture remind you that our All-Weather tread is tough and double-thick. And each skid suggest its sharp, resistless grips.

No Other Ways

No other ways so well combat these troubles. And no other tire employs one of these methods.

You'll find that Goodyears mean less trouble, less cost per mile. The following Goodyear Service Stations will supply you:

To Loan—Seed Corn.

I will be at the west door of the court house at Maryville, Saturday, April 24, at 2 p. m., to loan out a load of seed corn, 20 ears to any person, boy or girl preferred, agreeing to carefully plant and cultivate the same during the following season; the same number of ears to be returned to the lender in the fall. To the one returning the best sample I will give in cash \$10; second best, \$7.50; third best, \$5; fourth, fifth and sixth, \$1 each. This is sufficient seed to plant two acres. Six varieties to choose from, all grown on upland, during the greatest drought ever known in northwest Missouri. Your chance is good to win, only those getting seed compete. I want some good corn to use in our exhibit at the state fair for Nodaway county. I also want many ears to use as souvenirs at the Panama-Pacific exposition.
